

IEEE Standards	Number
Ethernet Layer 2 protocols (and transmission over the original thick coax)	
EAP (Extensible Authentication Protocol). Can force authentication (login & password) before devices are allowed to connect to network	
Family of Wireless Networking Standards	

IEEE Ethernet over Copper Twisted Pair Standards	Number
10BASE-T Ethernet (10 Mbps)	
100BASE-T Fast Ethernet (100 Mbps)	
1000BASE-T Gigabit Ethernet (1 Gbps)	
10GBASE-T 10-Gigabit Ethernet (10 Gbps)	

IEEE Ethernet over Glass Fiber	Number
1000BASE-X, SX, LX (1 Gbps)	
10GBASE-X (10 Gbps)	
40GBASE-X (40 Gbps) & 100GBASE-X (100 Gbps)	

Switch Protocols	Authority	Number
DTP (Dynamic Trunking Protocol)		
STP (Spanning Tree Protocol)		
RSTP (Rapid Spanning Tree)—Original specification; it's now part of normal STP, above.		
VTP (VLAN Trunking Protocol)		
Trunk (Normal / More Common)		
ISL (Inter-Switch Link) Trunk		

Hardware	
Generic port that can adapt to a variety of media using a pluggable transceiver
